

PRIVACY POLICY

4DRStudios Mobile App

The “4DRStudios” mobile application requires specific access on your smartphone, listed hereafter:

Permissions in-app:

- To access to your smartphone camera video stream.
In order to display 4DRStudios volumetric sequences in Augmented Reality (“AR”), this application needs to access your camera video stream. Volumetric sequences are merged with your real time camera video stream. These data are not stored, analysed, or used for anything other 4DRStudios than augmented reality display.

Other permissions:

There is no other required permission.

Collected data:

There is no other collected data.

External Links:

The following external links are present in this application:

- 4DRStudios’ Facebook page
- 4DRStudios’ Twitter page
- 4DRStudios’ website
- 4DRStudios’ Youtube Channel
- 4DRStudios’ Instagram profile
- “Mail to” our contact email address. This information is included in the text body of the email sent, when you click on “SEND”. This information shall be used to establish contact with you. Senders are responsible for the content of their own email.
